## A Bill to Ban Sugarcane Burning to Help the Environment

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

### SECTION 1.

- A. The United States will ban the burning of sugarcane because of the harmful effects it produces.
- B. Sugarcane burning largely contributes to air pollution by releasing tremendous amounts of toxins such as nitrogen, carbon compounds, sulfates, and formaldehyde.

### SECTION 2.

- A. Instead of using this method to dispose of waste, companies will be transitioned into utilizing green harvesting.
- B. Green harvesting is defined as using mechanical harvesters to mechanically separate the sugarcane leaves and tops from the sugar-bearing stalk where no burning is required.
- C. Materials left over from green harvesting can be used as mulch or to produce electricity, renewable energies, cattle feed, and more.

SECTION 3. The Environmental Protection Agency shall oversee the implementation of this legislation.

## **The Newer Greener Deal**

BE IT ENACTED BY CONGRESS HERE ASSEMBLED THAT:

**Section 1.** An act to implement a 15% tax on all carbon emissions over status quo emissions over the next two years and limitations on industrial development in the US.

**Section 2.** Enforcement by each Municipality/City is determined by individual definition of green space if such definition is deemed reasonable with existing EPA guidelines. Developers must earn approval before beginning construction.

**Section 3.** The Environmental Protection Agency and Department of Treasury shall oversee the implementation of this bill and offer guidance and directives to State and Local agencies for enforcement purposes.

**A.** Each property purchased by developers for the sake of new or redevelopment to dedicate 10 percent to green space to prevent and restore local deforestation and allow beautification and the environment to flourish.

**B.** Developers who add additional green lots to their properties will be granted federal tax credits for each percentage above the mandated 10% of green space, not to exceed 35% to promote these actions.

**C.** Companies that actively replace their carbon-emitting technology, within the two-year time frame, with renewable fuel technology shall receive 15% federal tax credit.

**D.** Penalties for businesses not eliminating carbon emissions will consist of tax, initiating at 7.5 and growing to 15% over the course of the two years.

**E.** Companies that emits dangerously high volumes of carbon emissions may apply for raised allotment on a case-by-case basis ranging from 0 to 25%, upon appeal to the EPA. Penalties for developers violating law shall be forfeiture of the property to the Department of Housing and Urban Development for the purpose of building affordable public housing.

**Section 5.** This legislation will be implemented on January 1st of 2023 and run until December 31st of 2024.

**Section 6.** All laws in conflict with this legislation are hereby declared null and void.
