

A Bill to Regulate Social Media Privacy Restrictions

BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

SECTION 1. The US Congress orders to allocate \$10 million to the FCC with the intent of regulating the amount of personal data collected as well as shared with other companies without the consent of users.

SECTION 2. The constant collecting of private data has become an imminent threat to personal privacy and must be addressed. In addition, this private data is often shared or sold to other companies to show personalized advertisements.

SECTION 3. The FCC will have a structured plan to affect and monitor social media platforms' transparency in regards to the collection of personal data. The organization will also ensure that personal data will not be used for providing personalized ads or other marketing purposes without the consent of users. In addition, a company must share all data collected with the user in the event that they consent.

SECTION 4. The provisions of this bill shall take effect on January 1 2024 and will continue to be in effect until the conflict is resolved.

SECTION 5. All laws in conflict with this legislation are hereby declared null and void.
